LEAVERS NEED LEADERS

We are the leaders of the leavers. In fact, we've been making school kit since 1904. With quality at the forefront of every product we make, we're always learning, testing, tweaking and evolving, sometimes it feels just like school...

PUT THE BEST TO THE TEST

From the first stitch to life on the pitch – we test it all – crafting the most durable and dependable jerseys year after year, always graduating top of class. Our relentless pursuit of quality and construction is what sets Canterbury apart. With our immense heritage and drive for quality products, we'll continue to be top of the leader board. Why? Because we're made from tougher stock.

Our School Leavers jerseys are completely customisable. Visit our website or work with your dedicated account manager to create your jersey, your way. Customise the colour, style and logo to create your personalised Leaver's look.

THE FINAL COUNTDOWN

LOGO GUIDE

There are two standard Canterbury branding styles – the “three Cs” logo, and then the same logo with “Canterbury” text below. Each size of logo has a code number to identify the specific branding; the versions with the Canterbury text below have the word “Lower” after the code. To the right is an image of both styles as well as sizing details for the logo codes.

Below are recommended branding sizes for using the CCC logos, although other logo sizes can be ordered provided it will fit onto the specified panels on the garment – speak to your Canterbury Sales Representative for more details.

Please note these are suggested guidelines only.

THERMO NUMBER OPTIONS

20cm numbers are recommended for the back of slim fit jerseys, 25cm are recommended for the back of standard fit jerseys, 5cm numbers are recommended for shorts, track pants or chest and sleeve positions. CCC is cut out so fabric behind shows through.

Individual names can be added across the back shoulders, lower back or as initials on the sleeve/chest. Thermo lettering is 5cm in height and available in black, navy, flag red or white. Screenprinted names are available in requested shades, however thermo is the recommended option.

Sublimated garments – numbers and names can be sublimated into any sublimated garment being made-to-order. This is at no additional cost to the garment and it is possible to request specific shades. For non standard colours please advise a Pantone (PMS) shade number. For non-standard CCC numbers please provide images of digits 0-9, for non-standard names please provide font name and file. Non-standard only available for sublimation.

EMBROIDERY

A full embroidery service is available for your crest or logo.

If the logo is already set up the electronic version (eg embroidery disc) will need to be submitted with the order, as well as a worksheet and details of colours required. Madeira thread shades must be provided, otherwise standard Canterbury colours will be used.

If the logo is not set up electronically then we will require a brand manual or high resolution logo specification sheet to set up a disc for you, ensure you explain clearly how your logo is to appear on both dark or light coloured items. The size required for the logo must also be provided. For new disc set ups an image of the disc will be forwarded to you, this will require approval before the disc will be used.

Embroideries will be sampled onto a swatch and a photograph sent electronically for approval before production is started.

PRINTING

Screen print or thermo print services are available for your crest or sponsor logo.

Please ensure a good quality image of the logo is submitted electronically, the preferred formats are vector or high resolution eps or jpg. Faxed paper copies, letterheads or garments are not suitable formats.

For logos with text, please provide the font name where possible. Pantone (PMS) colours must be submitted, otherwise standard Canterbury colours will be used.

Sublimated garments – crests and logos can be sublimated into any sublimated garment being made-to-order. This is at no additional cost to the garment.

BADGES

We are able to apply pre-made badges to many fabrics, please ask for more details.

Please note that certain fabrics will be better suited to some application methods than others. If you are unsure of the best embellishments to use please contact your Canterbury sales representative for more information.

Please ensure that you secure permission from the appropriate party before using any logos or images, Canterbury of New Zealand Ltd can not accept any responsibility for the unauthorised use of third party logos or images. Canterbury reserve the right to refuse to apply any name or logo considered offensive or unsuitable.
